

“Remember 2003 as an historic year”

“The Court’s reasoning reflects towards our national Metis Definition that was passed by the Métis National Council... I would like to give special thanks to Mr. Powley and his son Roddy, for their hard work, determination, and personal sacrifices in getting their case heard by the highest court in the land.” –
Manitoba Métis Federation (MMF) President David Chartrand

The MMF presented Steve and Roddy Powley with a rifle to commemorate their fight on behalf of the Métis Nation. The Métis Nation continues to remember the Powley family’s sacrifices and outpouring of support from Métis governments across the Métis Homeland during their legal saga.
